

In the name of God

**Memorandum of Understanding (MoU)**

**Between**

**The ECO Science Foundation (ECOSF)**

**And**

**The Creative and Cultural Industries Park**

In recognition of the mutual interests and to advance the common goals, the ECO Science Foundation (ECOSF) and The National Creative and Cultural Industries Park have agreed to cooperate in the following ways

**Aims:**

1. Facilitating the joint cooperation in creative, innovative and cultural industries.
2. Facilitating the promotion and extension of scientific exchanges.
3. Sharing announcements of conferences, meetings, workshops and other scientific events of each side, which may be republished by the reciprocal party for the benefit of its members/stakeholders.
4. Encouraging the participation of its Member States from the reciprocal party in appropriate meetings.
5. Working together for the improvement of creative and cultural industries science education and research activities.
6. Exploring the opportunity to transfer science, technology and innovation throughout the member countries of ECOSF.
7. Facilitating the creative and cultural industries centers throughout the member countries of ECOSF.
8. Providing the commercialization of creative and cultural industries products.
9. Any other/more scientific cooperation.

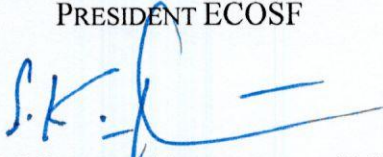

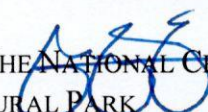

**Execution:**

1. To execute any point of this MOU, both parties will set an executive program based on the mutual agreement.
2. A joint working group of 3 members from each side will work on executing this MOU.
3. The proposed activities of this group should be approved by the Park Board of Directors and the Board of Trustees (BoT) of the ECOSF.
4. The present MOU shall remain valid for five years and may be renewed or terminated with six months written advance notice to the other side. If the MOU is terminated by

either side, steps shall be taken to ensure that the termination does not affect any prior obligation, project or activity already in progress.

5. This MOU shall come into force upon the signature on both sides.
